DEMOGRAPHIC CHANGE IN EUROPEAN CITIES CITY PRACTICES FOR ACTIVE INCLUSION

Cities for Active Inclusion

Cities for Active Inclusion is a dynamic partnership of nine European cities – Birmingham, Bologna, Brno, Copenhagen, Krakow, Lille Métropole - Roubaix, Rotterdam, Sofia and Stockholm – each with a local authority observatory (LAO) within its administration. Their aim is to share information, promote mutual learning and carry out research on the implementation of active inclusion strategies at the local level.

The observatories are coordinated by EUROCITIES, the network of major cities in Europe, and supported by a partnership between the European Commission (DG Employment, Social Affairs and Inclusion) and EUROCITIES.
